

**ANDY WRITES POEM TO HIS SUPPORTERS
CALLED 'YOUR LIGHT FILLS THE COSMOS'**

Your Light fills the Cosmos

Mars is an inhabited planet,
and we must do what is right.
Let justice rule the Heavens,
and see right conquer might.
Reach the hand of friendship
to fellow beings in our sight.

From the bottom of my heart,
in reflection of your light,
I would like to thank my friends
for defending me in this fight.
Your light fills the Cosmos,
and there shall be no night!
